For Co. Commissioner—2d Dist.—
J. R. RITNER.

VOTE FOR A RETURN OF PROSPERITY.

For twenty-five years prior to 1890, Nebraska grew and prospered as no state had ever done. Peace and plenty reigned within her borders. In that year we were visited with a severe drouth which checked her growth. But worse than the drouth was the scourge of populism that followed. Taking advantage of the failure of crops, the populist leaders, preaching the populist doctrine of discontent, class hatred, and war on capital, succeeded in arraying a large portion of the farmers in their ranks. The result was the election of a populist legislature, populist congressmen and populist judges and county officials in western Nebraska. Eastern capital that up to that time had been coming into the country freely, took alarm at the success of this party whose speakers on the stump, whose press and political platforms, breathed hostility to the creditor and capitalist. The result was the absolute stoppage of the flow of capital, the forced withdrawal of what capital was possible to withdraw, and the loss of credit, followed by shrinkage of values of more than one half in real estate and all other forms of property. Capital and credit are an absolute necessity in the development of this or any new country. We want a railroad built up the North Platte river, our irrigation canals and ditches completed and developed, our agricultural lands opened up and improved, sugar factories and other enterprises built up. All this takes capital, which, as we have it not in this western country, we must either borrow or induce the owner of capital to come here and expend it. This we cannot hope to do as long as we express our hostility to capital by the election of populist officials to administer our laws. The election of the entire republican ticket this fall would restore confidence in our integrity; would encourage capital to invest; would once more make loaning capital plenty. Again, our lands would be sought for; values would take an upward tendency; and many of our people who are now on the verge of bankruptcy would by the increase in value of their property become solvent and enabled to pay their debts and have something left. A vote for the entire republican ticket is a vote for the return of prosperity. A vote for the populist ticket is a vote for the continuance of the present hard times. We ask the thoughtful voter before he goes into the voting booth to make up his mind to vote for the return of prosperity.

Two years ago Jacob Miller was elected sheriff. His first move was to appoint Tim Keliher his deputy, and during the two years past Tim has been the real sheriff, shaping the policy of the sheriff's office and furnishing the brains for it. It is an open secret that Miller realizing his own incompetency to fill the office, only consented to be a candidate this fall on the pledge of Tim Keliher that he would remain in the office as his deputy. If Tim is to be the real sheriff the next two years, in case of Miller's reelection, why didn't the pops nominate Tim at once, so that the voters would know who they were voting for? A vote for Miller is a vote for Keliher. If you don't want Keliher vote for Wiley Matthews, an old soldier, true blue republican, who has the brains to run the office.

Every candidate on the republican ticket is entitled to the solid vote of the republican party of Lincoln county. We believe that republicans recognize this fact.

No one vote of the republican party can elect a republican nominee.

THE LAST CALL.

This is the last issue of THE TRIBUNE before election and we wish to urge upon every republican the importance of voting on the 5th of November and voting the ticket straight from top to bottom.

At the head of our ticket is T. L. Norval, who has gained the distinction of being one of the ablest jurists that has ever been elevated to the supreme bench. His record is clean, free from political bias, and he is entitled to the vote of every republican in Lincoln county. Our candidates for regents of the university are well qualified for the position. For district judge our candidate, H. M. Grimes, is one whom we can unreservedly commend and for whom every republican, populist and democrat can cast a vote and feel satisfied that they voted for an able and clean man.

Three of our candidates for county officers, W. C. Elder, J. M. Ray and Miss Hosford, have served the people faithfully and well in their respective positions. Our candidates for sheriff, clerk, treasurer, surveyor and coroner are men of exceptional ability. They have all been residents of the county for a number of years, and are known to be honest and capable. For the important office of county commissioner the republican candidate is head and shoulders above his opponents in business ability.

It is the duty of republicans to support their ticket.

No conscientious voter should allow any personal feeling to influence him to vote against his political principles.

Next year will witness the greatest and most earnest political contest that has ever taken place in this republic.

The policy of the present administration, with the aid of a democratic congress, has brought ruin upon the country, and the great tidal wave that swept over the country in 1893 when the republican swept the democratic congress from power, will be repeated in the presidential contest in 1896.

Now is the time to begin the good work, and lay the foundation for the strongest victory ever won in the fields of politics.

Every office we gain from the opposition weakens its forces and strengthens our own.

Every office they gain gives them new hope.

Republicans! See to it that every man on our ticket is elected from the highest to the lowest.

Don't get the idea into your head that your vote is not needed, but go to the polls and vote.

Over-confidence and stay-at-home votes never elected anybody.

Remember the day, Tuesday, November 5, 1895.

Do your duty.

If you are in favor of having the floating indebtedness of the county—which is now \$30,000—increased, vote for George Hardin. If you favor an economical administration of county affairs and the wiping out of this debt, vote for John R. Ritter. Keep the populists in control two years more and it will be necessary to issue thirty thousand dollars in funding bonds to pay up the floating indebtedness. Are you in favor of issuing more bonds? We think not. Taxes are already too high.

WILEY MATTHEWS is entitled to and should receive the vote of every republican in Lincoln county. There is no excuse for any republican casting a ballot for Jake Miller, as Mr. Matthews will make a superior officer. The populists claim that Miller controls two hundred republican votes, but this claim is entirely without foundation and is circulated for effect. Let republicans show by their votes that they are too loyal to betray one of their standard bearers.

JOHN HAWLEY is feeling much brighter and jolly this week than he will next week, when he attempts to crawl out from under Judge Ray's majority. John is working the secret orders of which he is a member for all he is worth and hopes thereby to get a big vote. He will find, however, that this is not the year for complimentary votes.

WHEN the icy hand of death seals your lips forever, who will you have to care for the widow and orphans in that hour of their affliction, a man thoroughly acquainted with probate matters, whose honor neither gold nor political preference can swerve, or a man that practically knows nothing about such matters? Ray or Hawley, which?

A BOAST was made on the streets Tuesday that in one precinct in the north part of the county nine populists who had threatened to bolt the ticket had been brought back into line. Wonder how much it cost Buchanan, Miller and Burritt to have them brought back.

Pale, thin, bloodless people should see Dr. Seneca's Catarrh Cure. It is the greatest remedy for the world for making the weak strong. For sale by H. Longley.

REPUBLICANS have a duty to perform next Tuesday. Let it be performed with enthusiasm.

THE republican committeeman in each precinct should see that the full republican vote is polled.

A COUNTRY subscriber complains bitterly because of the attack we made upon Rev. Franklin. But we have no apology to make to Franklin. The man who will prostitute his sacred religion for political effect must expect to be criticized.

SOME populist liar has started the report that if elected E. B. Warner could not furnish the necessary bond required of the county treasurer. Nobody need lose any sleep over this matter. Mr. Warner can furnish acceptable bond just as easily as Mr. Buchanan.

JIM SEATON, chairman of the populist central committee claims that Jake Miller will receive a majority of 110 in Wallace precinct. Jim evidently thinks he carries the vote of that precinct in his vest pocket, as the precinct will not cast over 160 votes.

JOHN RITNER has placed himself upon record as being opposed to increasing any county officials salary or increasing the number of deputies. And more than this he has promised that he will not cast a vote in favor of donating county money to Colonel Ellingham. This will be very unkind to the Colonel, but it is business.

If those affidavits furnished by the populist county commissioners relative to Miss Hosford, and which were solicited by Rev. Franklin, are not written in blood, they should not be taken as true. Men who will filch \$3,000 or \$4,000 out of the taxpayers by failing to recognize the lowest competent bid for the county publishing do not value their oath very highly.

It is really amusing to observe how suddenly Judge Neville became an ardent and enthusiastic supporter of irrigation. The Judge's enthusiasm on this important subject was in a state of lethargy until this campaign opened, and then seeing an opportunity to possibly win a few votes he immediately posed as irrigation's greatest friend. The Judge's work as an adroit politician is a little coarse.

THE populist candidates have made some very vigorous "kicks" because the Era has not conducted a hotter campaign. The Colonel, however, placated them by saying that this week's issue of his paper would be hotter than h— There is considerable cowardice in the Colonel's make-up, and he has reserved his political canards until the last issue, knowing that by so doing this paper would not have an opportunity to reply to his virulent attacks.

Now comes Chairman Smyth on behalf of the free silver wing of democracy, and shows just how deep is the split between the democracy and pops. In closing up an interview he says: "If they elect Maxwell they will elect a republican. Nor is the difference between Maxwell and Norval sufficient to justify them in deserting their party and their candidate. Besides, Maxwell is the candidate of the populist party and the democrats owe that party nothing. The democrats gave the populists a senator, a governor and two members of congress and the populists have given nothing in return. No democrats ought to stand by Mr. Phelps, who represents free silver, as against every other candidate in the field."

THE Indiana Farmers' Alliance has decided to cut loose from the populist party and devote itself to the objects for which it was organized—the fostering of measures for the substantial benefit of the agricultural classes. If the order had adopted this policy from the beginning it would have been better for all concerned.—Kansas City Star. The Indiana Alliance has set a good example for the Nebraska alliance. The organization might have been made a great power for the good of agriculture, but it went directly and deeply into politics and thus injured its capacity for good. Republican and democratic farmers could not well belong for populist support soon came to be at least an implied qualification for membership.—Fremont Tribune.

STATE OF OHIO, CITY OF TOLEDO, ss
LUCAS COUNTY,
Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.
Sworn to before me and subscribed in my presence this 6th day of December, A. D. 1895.
A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

ABSOLUTELY PURE

WIDE AREA SHAKEN.

Seismic Disturbances Covered a Big Strip of Country.

LITTLE DAMAGE WAS DONE.

People Thrown From Their Beds at Cincinnati—Three Distinct Shocks at Burlington—Window Glass Broken at Grinnell—At Other Points.

CINCINNATI, Oct. 31.—An earthquake shock was felt here at 5:12 a. m., the most distinct for 10 years. It began with a slight tremulous motion that continued for perhaps one minute, and then followed two or three violent undulations, shaking brick buildings and rattling windows like some gigantic explosion. The whole demonstration must have occupied nearly two minutes. It was accompanied by a slight roaring sound, which continued after shaking ceased.

The first effect was felt about 5:10 a. m., and people in various parts of the city were awakened by the quivering of their beds. Most of those who had telephones convenient immediately called up the central office, and for a few minutes the operators were kept busy. All reports agreed as to time and the general effect. The operators at central felt the floor shake under them, and transmitters and other objects rock to and fro.

Mr. Zwick, the Newport druggist, was thrown out of bed and dazed for several minutes.

Reports of more violent shocks were received from Springfield, Dayton and other points north.

A newsboy living at 53 West Third street was thrown out of bed, and a whole family at Olive and Linn suffered a like experience.

Colonel Dietrich, chief of police, was thrown out of bed, and immediately communicated with headquarters, where his views of the matter were confirmed.

From best accounts the undulations were felt from the north, the force gradually expended the further north it goes.

At Chicago.

CHICAGO, Oct. 31.—A distinct earthquake shock visited Chicago at 5:15 a. m., lasting for about 55 seconds. No damage was done, but in many houses pictures were thrown to the floor and crockery broken. The shock was unaccompanied by any audible rumbling, coming in gently from the lake, and disappearing across the prairie of the west. It was most severely felt on the North side, where probably the majority of sleepers were awakened. In the wooden houses of Buena park and other North side suburbs the shaking-up was so perceptible that many persons dashed out of their houses in scanty clothing. During the shock, and for several hours after, the electricity in the atmosphere was more than oppressive to persons of a nervous temperament. Speaking of the seismic disturbances of last night, a North sider, who passed through the Charleston earthquake nine years ago, said: "I felt the shock last night and recognized it immediately. It equaled in force the forerunner of the South Carolina shaking-up, which, by the way, occurred about the same day of the week and at the same hour, and in the same quarter of the moon."

At St. Louis.

ST. LOUIS, Oct. 31.—Up to 10 a. m. no damage by the quake had been reported beyond the toppling of a few old chimneys, a general swaying of beds and the rattling of furniture and other loose things. The shock was the severest ever felt here, and lasted fully two minutes. The weather bureau reports the vibrations were from east to west, and that the disturbance had no effect on atmospheric conditions—the barometer was steady as a clock and a dead calm prevailed.

Severe at Indianapolis.

INDIANAPOLIS, Oct. 31.—The most pronounced earthquake shock in the memory of citizens or within the history of the weather service occurred at 5:10 a. m. It continued six or seven seconds. Every building in the city was shaken. Thousands of people were awakened. Windows rattled and beds rocked.

At St. Joe.

ST. JOE, Oct. 31.—An earthquake shock, lasting two minutes, was felt here at about 5 a. m. It was of sufficient force to arouse many of the sleeping inhabitants and rattled windows, stoves, etc. No damage was done.

At Kansas City.

KANSAS CITY, Oct. 31.—At 5:13 a. m. two very distinct earthquake shocks were felt, the oscillation lasting fully two minutes. Houses trembled, windows rattled and chairs rocked, causing considerable alarm.

Quite Severe at Beatrice.

BEATRICE, Neb., Oct. 31.—At 5 a. m. four distinct shocks of earthquake were felt in this city. At Cortland and other points in the northern part of the county the shocks were much more severe.

First in Thirty Years.

DES MOINES, Oct. 31.—Two light earthquake shocks were felt here this morning at 5:10. Bottles rattled on dressers and windows shook slightly. First shock in 30 years.

Window Glass Broken at Grinnell.

MARSHALLTOWN, Oct. 31.—Two distinct earthquake trembles were felt here. The shocks were heavier south, window glass being broken at Grinnell.

Slight Shock at New Orleans.

NEW ORLEANS, Oct. 31.—A slight shock of earthquake was felt here this morning at 5:50. The vibrations were from east to west.

Three Shocks at Burlington.

BURLINGTON, Ia., Oct. 31.—One severe and two light shocks of earthquake were felt at 5 a. m.

HEAVY FAILURE AT PORTLAND.

Frank Bros. Implement Company Forced to the Wall.

PORTLAND, Ore., Oct. 31.—The Frank Bros. Implement company, Mayors George D. Frank, president, wholesale and retail dealers in farm implements and carriages, have made an assignment in favor of their creditors. The firm has been in business for 30 years. The low prices for farm products, which has ruled for several years, and the loss of the grain crop in certain sections in 1894, have rendered it impossible for collections to be made. The firm has been carrying these accounts until no longer able to do so, when it was deemed best to make an assignment. No statement of assets and liabilities is obtainable.

RED HAT FOR SATOLLI.

Papal Delegate Receives Official Notice of His Elevation to the Cardinalate.

WASHINGTON, Oct. 31.—Mgr. Satolli today received official notice of his elevation to be a cardinal. The first announcement came by letter, and this followed by a cablegram to Cardinal Gibbons, as follows: "To the Most Eminent Cardinal Gibbons, U. S. A.: I am happy to inform you that the holy father having decided to confer the cardinalate upon the apostolic delegate, Mgr. Satolli, your eminence will be delegated to impose the cardinalate beretta, his holiness intending in this way to perform an act gratifying to your eminence." "RAMPOLLA, Cardinal."

Kansas City Election Cases.

LEXINGTON, Mo., Oct. 31.—The case of R. L. Krueger, charged with participation in the election frauds perpetrated in Kansas City last November was concluded and the jury returned a verdict of guilty as charged and imposing a fine of \$100. Krueger promptly appealed the case and was released under \$500 bonds. The cases of Deputy Sheriff George J. Pearce and Justice of the Peace O. W. Krueger, implicated in the same frauds, are set for Friday next. Arthur O. Clark, under similar charges, has already been convicted at Kansas City and sentenced to the penitentiary. Fred G. Kanold, also implicated, committed suicide at Kansas City rather than face his accusers in court.

Beets Were Really Not Ripe.

LINCOLN, Oct. 31.—Professor Nicholson, of the state university, recently appointed by Governor Holcomb to make sugar beet tests at the Norfolk factory, filed his report with the governor. The document is a lengthy one, covering each point in detail, and reaching the conclusion that the beets are very late in maturing, and that to autumn rains, followed by hot weather, and, in turn, by unseasonably cold weather, must be attributed this condition.

Falling Off in Corn Crop.

MARSHALLTOWN, Oct. 31.—Reports from farmers of this and many other sections of the state indicate that the yield of corn will be from 10 to 15 bushels per acre short of the early estimates. It is believed now that the crop throughout the state will fall materially short of the expectations of a month ago. The growth of winter wheat, rye and pastures is entirely checked by the drought, and the water supply is becoming a serious question.

World's Bicycle Record Broken.

CHICAGO, Oct. 31.—Dispatches from Sarnia, Ont., announce that Angus McLeod, a member of Morgan & Wright's team, yesterday broke the world's bicycle record for a mile, and that, too, without being paced. His time is given as 1:33 2-5, or just two seconds faster than Johnson's world's record. The time is said to have been taken by a number of members of the Canadian club, and to be authentic. McLeod had a flying start.

Will Try to Beat the Single Track Record.

CLEVELAND, Oct. 31.—An attempt will be made by the Big Four next Monday, unless present plans are changed, to make the fastest single track time on record. It is hoped that the 540 miles between Cleveland and St. Louis will be covered in 540 minutes, or that a rate of 60 miles an hour will be recorded. Should this be accomplished, it will beat the single track record of the world.

Trial Trip of the Katabdin.

NEW LONDON, Oct. 31.—The Ammen ram Katabdin started from this port at 7 a. m. for her trial trip. Every indication is favorable for a successful run. The weather conditions are perfect with the wind light and dust eat. The ram will go to Stratford, where she will turn about and then steam 17 miles east, which is the extent of the trial course.

Old Receivers in Contempt.

SEATTLE, Oct. 31.—Under Judge Hanford's citation issued Oct. 2 Thomas F. Oakes, Henry C. House and Henry C. Payne, the deposed receivers of the Northern Pacific, will be liable to imprisonment for contempt of court unless they appear today and show cause why an attachment should issue. There is no prospect that they will appear.

Will Continue the Present Agreement.

ST. LOUIS, Oct. 31.—The executive officers of 35 railroads, representing all the principal systems west of Chicago and the Mississippi river, in session here to agree upon rules to govern free transportation, have decided to continue last year's agreement for 1896.

New Place For Dr. Smith.

SEATTLE, Oct. 31.—Dr. Rufus H. Smith, physician of the Oregon Improvement company and the Great Northern, has resigned to become physician and surgeon at Lake View hospital, Chicago. He will leave for Chicago in a short time.

Twelve Hundred Made Idle.

HAZLETON, Pa., Oct. 31.—Hale & Co. and Krebin, coal stripping contractors, have been forced to suspend operations owing to the severe drouth. Twelve hundred men have been thrown out of employment.

General Hardin Is Better.

LOUISVILLE, Oct. 31.—General Hardin is better today, and will be able to fill his appointment at Franklin tonight.

W. W. YOUNG

DEALER IN

LUMBER AND COAL,

HERSHEY, NEBRASKA.

We have just established a lumber and coal yard at Hershey, and are carrying a full stock of lumber, building material and coal. Everything in our line is guaranteed to be sold as low as at any point in the county, and we shall be glad to figure on your bills.
